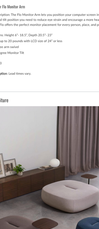
Herman Miller



Don't design above expressions while working from home – This chair automatically adjusts to support your body.

Herman Miller Cosm Chair

The sophisticated ergonomic design of Cosm instantly responds to your body, movement, and posture to provide natural balance and total support. Cosm's Auto-Harmonic TM, Intercept suspension and flexible frame work together to give you a feeling of weightlessness no matter how you sit.

- With Auto-Harmonic TM, Cosm instantly and automatically provides balanced support and movement, depending on your body and posture.
- Breathable and temperature neutral, the Intercept suspension has a continuous form that eliminates the gap between the seat and back, providing dynamic lumbar support.
- The flexible frame is fine but strong and feels nearly invincible. It offers support while remaining lightweight and responsive to movement and posture.
- The chair's ergonomic design is further enhanced by Cosm's Lift Assist, the first of their kind. Providing a simple and super slim visual appearance with superior comfort, the Lift Assist allows you to adjust the seat height effortlessly and smoothly. Lift Assist is one of the extra-mean-they-don't-get-it-the-way-of-a-dude-when-it's-time-to-get-laid-a-date.
