

# LAMINATE SLIDING-DOOR HUTCH

## PARTS LIST

CODE	QTY	DESCRIPTION	
BSDH-2	1	Sliding-Door Hutch	
	1	Wall-Mounting Wood Brace	
	1	Wall Wood Cleat	
	10	1" Wood Screw	
	10	1.75" Wood Screw	
	5	Bolt	
	5	Heavy-Duty Toggle Anchor*	

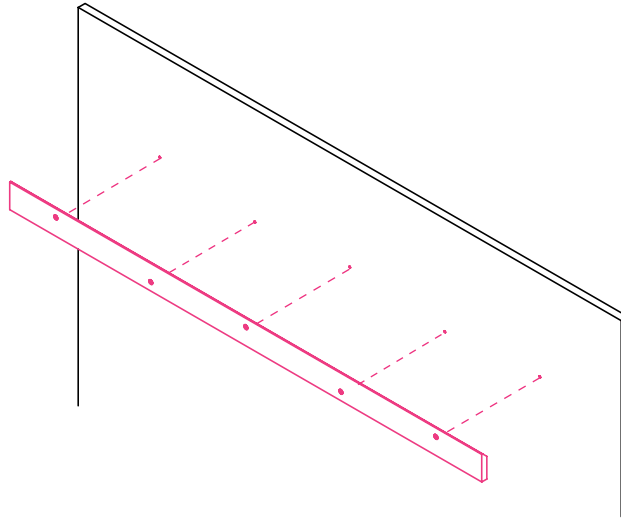

**⚠ IMPORTANT NOTICE**

\* Toggle Anchors are not included in packaging. Due to the many varied building construction environments the Dealer/Reseller/Customer and Installer are responsible for procuring and using the appropriate fasteners/anchors for mounting the storage products to the wall. The product uses 5 fastening points to the wall. The combined load capacity of the fasteners should be GREATER THAN 200lbs. The correct fasteners will depend on the wall construction of the mounting location.

Contact Clear Design with any questions.

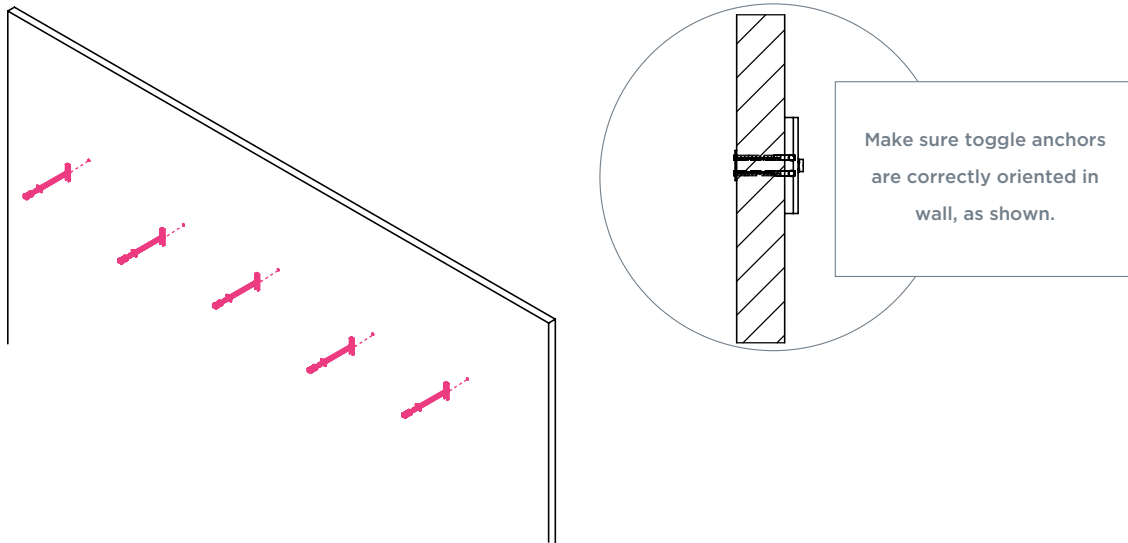

## 1 | PREPPING FOR TOGGLE ANCHORS

Place the wall-mount wood brace on desired area of wall. Once leveled, mark hole positions by using a sharpie to mark through wood brace holes.

## 2 | INSTALL WALL TOGGLE ANCHORS

Remove wall-mount wood brace and install toggle anchors at marked locations.

### ⚠ IMPORTANT NOTICE
