Clear Design releases KOLAB Modular Lounge Seating

This modular lounge seating line allows commercial designers to create unlimited, comfortable configurations for anywhere in the office with incredible 5-day lead times, BIFMA certification, and the option to add power.

Family-owned furniture manufacturer Clear Design announced the addition of KOLAB modular lounge seating to its highly respected 5-day FAST Program. With four different modular pieces and two color schemes to mix and match, the line is made with durable and easy-to-clean materials from trusted partners.

The range of possibilities and ability to easily reconfigure makes KOLAB the ideal solution for collaborative areas, reception spaces, lounges, and more. The easy-to-clean, high-quality fabrics allow for easy disinfecting within medical environments.
