Tonos™

PET Privacy Screen + Bracket System

Shape Space.
Support Focus.

Designed for focus and flexibility, our Tonos™ PET privacy screens bring acoustical comfort and refined design to open plan spaces. Crafted from **thick, sound-absorbing PET made with 50% recycled content**, Tonos™ offers multiple screen shapes, mounting options, and colorways, for seamless integration into any workstation environment.

Fully customizable privacy.

WELCOME TONOS™

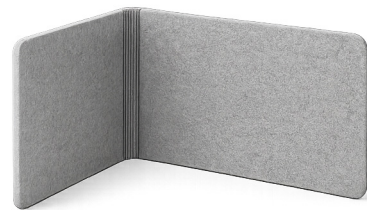

Tonos™ is a versatile, eco-friendly PET privacy screen system that brings visual privacy, acoustical softening, and warm aesthetics to the modern workplace. With multiple screen shapes and adaptable mounting options, Tonos™ helps create more focused, comfortable, and supportive workspaces in the exact way you need it.

Tonos™ L-Shaped, Alloy screens with Undermount Brackets in Black

Choose your privacy need.

Choose your application.

Surface Mount

When privacy on all 3 sides and uniformity across a floorplan are prioritized

Surface Mount w/ Clamp

Same benefits as Surface Mount, but leaves the top of worksurface intact (no drilling required)

Clamp Mount

Allows for customization of privacy at each workstation, both above and below the worksurface

Undermount

A visually elegant solution that leaves the surface intact and maintains consistent privacy across a floorplan

FULLY CUSTOMIZABLE PRIVACY, TO MEET YOUR EXACT NEEDS

Tonos™ is designed for versatility: our Clamp Mount Bracket allows for privacy both above and below the worksurface.

AN ECO-FRIENDLY WAY TO DESIGN SPACE AND PRIVACY

TONOS™

Privacy Screen/Bracket System

4 PILLARS OF TONOS™

01 — PRIVACY + ACOUSTICS

Tonos™ defines space with premium acoustical and visual boundaries, in support of more productive and comfortable workspaces.

02 — FLEXIBILITY

Available in 4 shapes, Tonos™ supports a wide range of workstation layouts, privacy needs, and desk applications.

03 — SMART MOUNTING

Multiple bracket styles make Tonos™ easy to specify for a variety of privacy requirements.

04 — SUSTAINABILITY

Made from recyclable PET with a minimum of 50% recycled fiber, Tonos™ is also fully recyclable at the end of use.

“Tonos™ was designed with the end user in mind, offering unlimited design and application possibilities through a variety of shapes and bracket options. From fixed height privacy across a floorplan for a unified, cohesive look — to fully adjustable privacy at the level of each workstation — Tonos™ gives the flexibility that the agile, modern workplace demands.” — **STEPHANIE ARIEL, CLEAR DESIGN HEAD OF BRAND MARKETING**

Tonos™ works beautifully with our height adjustable benching system, Helix™. Linear screens shown here in Shale, with Top Mount Brackets in Black.
