BOOST

Height-Adjustable Workstations

BOOST

height-adjustable workstations

BOOST Height-Adjustable Workstations allow you to take control of your health and productivity through improved ergonomics while keeping aesthetics and flexibility in mind. With divider options and integrated power and cable management, the streamlined design provides a clean look and convenient features. BOOST Pro's telescoping power beam allows for many configurations—from straight benching to L-shapes to bullpens, and more—with the added benefit of easily transforming as the office grows or changes.

White Oak Laminate | White Steel | Ventus Chair | Smoke Gray Acoustic PET Divider | Surface-Height End Panel | Personal Storage Drawer | Nexus Dual-Monitor Arm | Magnetic Cable Chain | Desktop Power Unit

BOOST PRO BENCHING

YOU'RE THE PRO. WE GIVE THE BOOST.

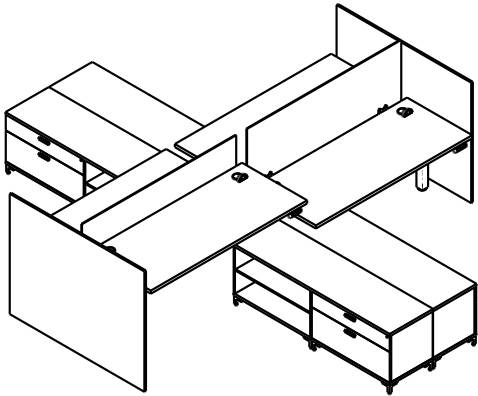

BOOST Pro is resizable, reconfigurable, and reliable.

FEATURES

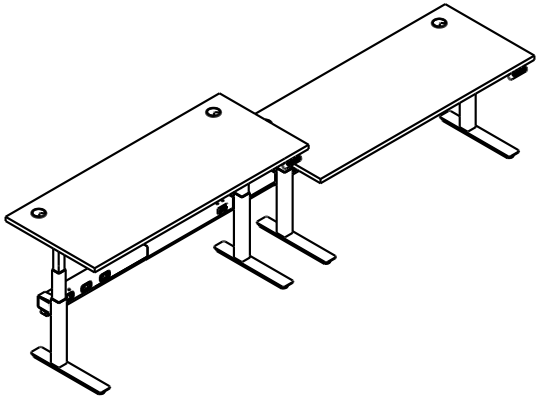

- 3-stage, height-adjustable frame with 25.4"-51" range (without surface)
- Digital handset with 4 programmable presets and USB charging port
- Integrated power, data, and wire management system
- Telescoping beams for resizable and reconfigurability

“I love working with Clear Design! Their design team gets drawings back super quick, and their customer service is unmatched!”

— CASEY R.

BOOST PRO BENCHING

Sahara Ridge Laminate | Black Steel | Ventus Chair | Dry-Erase Frosted Glass Divider | Modesty Panel | End Panel |
Nexus Dual-Monitor Arm | Magnetic Cable Chain | Desktop Power Unit

“Both my customer and I were impressed by and grateful for the extra level of attention Clear Design customer service provided on our recent order. Because of the extra effort, the freight arrived on time, undamaged, and the product was complete, with no punch list.”

— BONNIE J.

BOOST PRO INTEGRATED POWER SYSTEM

BOOST Pro’s integrated power, data, and cable management system provides a clean look in a streamlined package—even for power users. Fewer parts make installation and power deployment more efficient and simpler than ever.

- A Grommet**
Helps organize desktop wires. Cap opening adjusts to 3 sizes. Snaps into surface’s cutout.
- B Data Faceplate**
Provides 4 ports for snap-in voice and data connectors and adapters. Snaps into beam.
- C Power Beam + Data Tray**
Houses electrical components and prevents unsightly wires from hanging. Holds 25 cables.
- D Magnetic Cable Chain**
Manages wires from surface to beam’s power receptacles.
- E Power Block**
Holds duplex receptacles.
- F Digital Handset**
Provides 4 programmable presets and convenient USB-A charging port.
- G Duplex Receptacle**
Contains 2 outlets each. Dedicated duplexes available for sensor-activated applications.
- H Desktop Power Unit**
Brings 2 power outlets to the workstation’s surface. Mounts to surface’s edge or grommet.
- I Jumper**
Connects 2 harnesses.
