THREE60 knife-edge surfaces include cutouts that allow cables to pass through, into a Covered Angled Sleigh Leg or Cabinet Base, keeping wires organized and out of sight. These surfaces come with non-powered grommets installed, but an In-Surface Unit can be added to integrate power, data, and HDMI/USB functionality.

IN-SURFACE UNIT: Provides 2 power outlets with dual USB, HDMI, and data port options available.

CABINET BASE: Manages wires from surface to floor. Door allows quick and easy access to contents.

COVERED ANGLED SLEIGH LEG: Manages wires from surface to floor. Magnetic walls allow quick/easy access to contents.
