## Clear Design Introduces KOZE

➔ Clear Design, a Texas-based, family-owned office furniture manufacturer, has announced the launch of its new soft seating line KOZE. Named for the cozy ambiance it evokes, KOZE creates welcoming spaces throughout the office for employees and guests. With its blend of rich textiles and warm wood features, the durable collection for commercial use can be ready for shipment in three business days.

With 12 modular pieces to mix and match, KOZE is completely customizable and reconfigurable. From breakout areas and lobbies to waiting rooms and quiet spaces, the line can be arranged for any space and easily rearranged as needed.

Features include solid wood legs in three finish stains, high-resilience polyurethane foam core, solid hardwood reinforced frame and removable seat cushions with zip-off covers.
